

2019 Malaysian Banking & Finance Summit **"Disruption in Banking – Towards Banking 4.0"**

2 May 2019 · Renaissance Kuala Lumpur Hotel

In the new era of the Fourth Industrial Revolution, Banking & Finance faces disruption and transformational change. The Global Banking landscape is being transformed and disrupted with Digital Banks and new channels of distribution as well as new products and financial services. Non-banks will fast become major providers of transactional banking services. Fintech companies will become more competitive and can pose a threat to traditional banking. How can banks rise to the challenge? How can banks prepare for banking 4.0? How can banking staff be transformed with new skillsets to cope with the new age of digitalization, artificial intelligence and robotics? How can banks become more innovative and competitive? How can banks meet the growing need for banking services by SME's, women, youth entrepreneurs and start ups besides their traditional banking clients and customers?

The 2019 Malaysian Banking Summit will enable participants to be updated on new trends, critical issues, strategic challenges facing the Banking & Finance Industry. Participants will also be able to feel the pulse of the economy and the banking sector. It will provide a timely platform for exchange of ideas, insights, information and interaction.
